

The Gentleman S' Geogas Bermuda  
 in charge of Jan'y 28<sup>th</sup>  
 The Numismatic Dept. RECEIVED  
 U.S. Mint Philadelphia FEB 6 1896

Dear Sir

U. S. MINT, PHIL

I have been asked to  
 obtain the value of some old coins  
 if you would kindly oblige me  
 No 1. is a good Specimen of a S.  
 Nine of 1807. both sides in good  
 preservation, but quite black

2 Small Copper coin

Elizabeth 1<sup>st</sup> Anniversary Size  
 one side, harsh on other side  
 16<sup>th</sup> lettering fairly good  
 but edges worn

3. A Silver coin probably C3 of  
 Charles 1<sup>st</sup>. ~~Virginia~~ not sufficiently  
 clear to describe

California gold dollar  
 muched in few places

Turkish

Turkish gold coin very thin  
quite bright, smaller than gold  
dollar. Knocked in one place

Could you kindly tell me  
the best way of making an  
impression of an old coin  
either by plaster, wax, plastic of some  
sort etc

Bermuda being an old  
Colony, frequently old coins are  
unearthed which may be  
valuable to collectors

Thanking you in  
anticipation Fremantle  
Two day July  
Joseph M Hayward

## No. 18. TREASURY DEPARTMENT

In 1607 U. S. dime, in very fine condition, is worth \$1.25 to \$2.00.

Of the other three coins described, the small Copper coin of Queen Elizabeth is the only one having a value above its face. They are worth 50cts. to \$1.00.

For coin impressions & like a good pencil rubbing.

Wants to know value of  
old Coins, Diamerates  
& described ~

[Abstract:] Wants to know value of old coins, denominations & described.

St. Georges Bermuda  
January 28, 1896

The Gentlemen in charge of The Numismatic Dept.  
U.S. Mint – Philadelphia

Dear Sir

I have been asked to obtain the value of some old coins if you would kindly oblige me

No. 1 is a good specimen of U.S.

Dime of 1807. Both sides in good formation, but quite black.

2. Small copper coin

Elizabeth 1601 Arms on one side, high on other side [see original letter for coin rubbing]. 1601 lettering fairly good but edges worn.

3. A silver coin probably C3 of Charles 1st or 2nd not sufficiently clean to describe.

California gold dollar punches in two places.

Turkish gold coin very thin quite bright, smaller than gold dollar. Punched in one place.

Could you kindly tell me the best way of making an impression of an old coin either by paper, wax, plaster of Paris soup &c.

Bermuda being an old Colony, frequently old coins are unearthed which may be valuable to collector.

Thank you in anticipation, I remain,

Yours very truly,  
Joseph M. Hayward

[Enclosed note:]

No. 18. Treasury Department

An 1807 U.S. dime, in very fine condition, is worth \$1.25 to \$2.00. Of the other three coins described, the small copper coin of Queen Elizabeth to the only one having a value alone its face. They are worth 50 cts. to \$1.00.

For coin impressions, I like a good pencil rubbing.  
MC.
